WATER CLEANING SYSTEMS

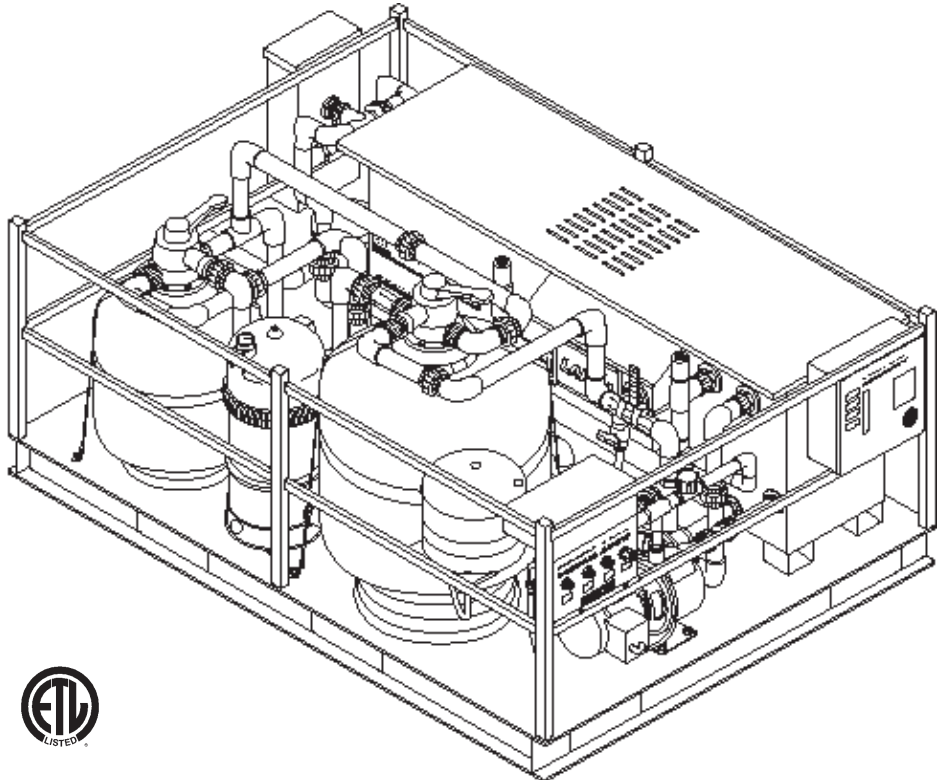

DELTA: Self-Contained Wash-Water Recycling System

FEATURES / BENEFITS

- **Compact:** Most compact and economical wash-water recycling system in the industry.
- **Economical:** Cleanable and reusable filters for operating costs as low as 1/4¢ per gallon.
- **Portable:** Easy to install or even move from site to site.
- **Applications:** Capable of solving a broad range of needs from truck washing to golf course equipment cleaning.
- **Popular:** Nearly 2,000 installations throughout North America.

“Self-contained, pre-plumbed wash-water recycling system”
